**Pro-Finish® Cabinets**

Built to handle demanding finishing jobs, Empire's Pro-Finish Cabinets offer a basket option. With the basket mounted on the cabinet door, parts can be processed automatically. With the basket removed, the cabinet returns to its normal operation. This two-in-one arrangement adds to processing flexibility.

**Related Empire Products****Pro-Finish® Basket Blasters**

Empire offers two high-production basket blasters: a BB2-3K model with a 30-inch diameter by 16-inch-wide basket that holds up to 300 pounds of parts, and a BB4-3K with a 30-inch-wide basket capable of holding 350 pounds. Both models include tunable media reclaimers to assure uniform finishing as well as many special features to meet the demands of continuous production.
